

It couldn't happen to me.
Yes it could.

- 1 in 4 women and 1 in 3 men will suffer from cancer before the age of 75
- An Australian dies every 10 minutes from cardiovascular disease
- A 30 year old male has a 1 in 3 likelihood of suffering a serious illness or injury before age 70
- A 40 year old male has 50% chance of having a coronary heart disease in their lifetime
- In 2004, Over 1,500 people were killed in motor vehicle accidents in Australia
- Injury is the leading cause of death among people who are under 45 year of age
- Nearly 1 in 10 men will develop prostate cancer during their lifetime.
Each year around 10000 Australian men are diagnosed with the disease and 2500 die of it.

Millions of Australians are affected each year by illness, injury and death. If this happens to you, you cannot do much about it, but if you have an appropriate life insurance policy you can make things easier on you, your family, your business. You need to think about cover for such things as:

- *Your life*
- *Income Protection*
- *Critical Illness*
- *Business Expenses*
- *Total & Permanent Disablement*
- *Key Person insurance*
- *Debt protection insurance*

The first, most sensible step you can make is to speak with a professional life insurance adviser. Call 1300 753 864
